

Subject: LiNi BLADE-S Product Launch
Ref: IM-0164
Category: Product Launch
Date: 07.09.2016

Dear All,
We are now launching the new housing 'LiNi BLADE-S'.

LiNi BLADE-S Key Points:

- Compact and slim extruded aluminium housing designed for KKLN-01 lens.
- Various KKDC LED options available (Refer to spec sheets online).
- Durable powder coat premium paint finishes: White / Silver / Graphite Grey / Black & dark bronze for decorative applications.
- Robust end cap detail with cable restraint to avoid solder breakage.
- Innovative gasket design within end cap to avoid light leakage.
- Diffused cover option for fully homogenous lighting.
- Sits within the LiNi family and utilises standard LiNi surface mounting clip.
- Optional suspension mounting kit will be available.

Please find the following materials at the following links:

Product family page on website (including Spec sheets, Installation guides, IES/LDT, Code table and Accessories):
