

Subject: UNI P-FX4 launch
Ref: IM-0174
Category: Product Launch
Date: 27/02/2017

Dear All,

We are now releasing the first product within our new family UNI FX, the Flexible LED strip UNI P-FX.

This is a vertically and horizontally flexible LED strip following on from the 'Snake LED' sample shown at Frankfurt Light and Build 2016.

UNI P-FX4 Product photo:

The UNI P-FX4 is based on P-FX4. They have the same pitch, wattage and output.

Wattage: 14.98W/m (4.6W/ft)
Lumens per Watt: 80.6Lm/W
Lumens per length: 1207 lm/m (368 lm/ft)

Points to Note

IP65 is not possible. The IP silicone sleeve does not allow the product to flex and bend.

UNI P-FX4 Mounting Options

UNI P-FX4 is mounted via 3M double sided tape as per our current IP20 Flexible products.

Availability

UNI P-FX4 is available for order now.

Kind Regards,
KKDC Design House
