Lighting Fair 2017 Tokyo

Thank you to all visitors, partners, lighting designers and architects who attended our stand at this year's Lighting Fair 2017 at Tokyo International Exhibition Centre.

We had a successful exhibition and it was great opportunity for our Japan team to meet with clients and showcase our exciting new products with positive feedback welcomed on our new KOH System and Groove X & Groove L products.

For more information on the KKDC product range or to discuss a project, please contact us via our website enquiry form and a member of the sales team will be in contact.
