KKDC Auckland New Office

KKDC is happy to announce the opening of our new Auckland office in New Zealand.

We shared a very pleasant Autumn evening on April 17th with a group of selected clients and suppliers celebrating the opening of their new studio space in Central Auckland.

The new premises occupies an accessible ground floor space with a high stud and large glass frontage within the Historic Tasman Building in Anzac Avenue.

This move marks a significant milestone in the ongoing growth of the Auckland office and brings us much nearer to our valued clients, and within convenient walking distance of the ongoing and planned central city development work for the coming years.

We hope the new location demonstrates our commitment to supporting the heart of the inner city and helps us contribute to the exciting story that is Auckland.
